

## Product features

1. Built-in intelligent chip with multiple protections: adjust output in accordance with power rating request automatically; avoid short-circuit, overvoltage, overcurrent, overload and over release.
2. Large compatibility, with iPhone, Xiaomi, Huawei, Samsung, tablet, etc. compact size, less than one-half of the phone, pocket charger easy to carry.
3. Material: PC fireproof material, heat/cold resistant, high hardness, self-extinguishing, flame retardant, non-toxic.

## Specifications

<b>4.5A</b> High Current	<b>Safety</b> Many certifications	<b>Application</b> Wide range	<b>Compact Size</b> Easy to pack
-----------------------------	--------------------------------------	----------------------------------	-------------------------------------

## Parameters

Brand:Keyuantai

Model:KYT-811-4USB

Power:22.5W

Input:AC 100-240V 50HZ/60HZ

Output:DC 5V4.5A

Pluz:EU US UK AU KC NC

Certificate:CE ROHS SAA KC

Housing:PC fireproof material

Color:Black/white,or OEM

(contact customer service)

Size:66\*48\*30mm

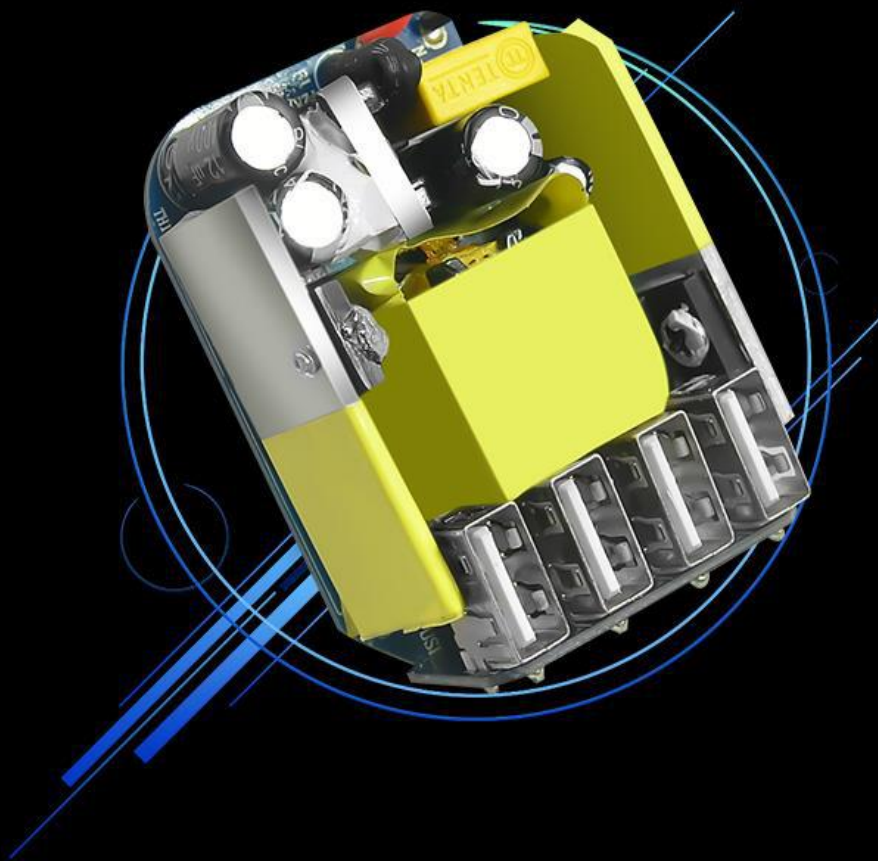

Compatibility:All USB digital devices in the market

# Smart Technology and Multiple Safety System

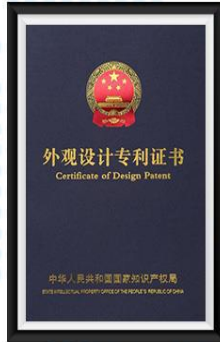

There's inner smart IC to keep multiple protections.

The 4 smart ports can automatically recognize the devices connected and give max current that would allow for the fastest charging possible for each. "

**5.** Burn-in test/High voltage test

## FAQ

Q1: How do you control your quality?

A1: We have 6 procedures to control our quality.

IQC – IPQC – SEMIPRODUCT QC (100% function test) – FINISHED PRODUCTS QC (100% check) – AGINT TEST – QA(100% test function and check appearance).

Q2: How do you control your quality?

A2: We have 6 procedures to control our quality.

IQC – IPQC – SEMIPRODUCT QC (100% function test) – FINISHED PRODUCTS QC (100% check) – AGINT TEST – QA(100% test function and check appearance)

Q3: Is there a warranty for this?

A3: 12 Month warranty.

## Product advantages

- 1.Super fast smart IC, CE, KC, SAA, FCC, ROHS certificate and OVP OCP OTP SCP protection.
- 2.private model, Square shape design, convenient to carry
- 3.2.4a max for each port,fast charging
- 4.Fireproof material
- 5.Protection: Over-voltage protection,Output over-current Protection, Short circuit protection, auto stop charging when battery is full
