## 6. The FAQ

Q1: How could I get blue-tooth speaker samples?

A1: If you need to order sample for checking-up,we would like to ask you to pay for the samples and courier freight. We send the samples to you only after receipt of your payment.if you have an courier account,you can send your courier to collect samples from our company or send us the samples charge together with the courier cost.

Q2: What's the advantages of M-01?

A2:

1.It's called "A Multi function Speaker. With Bluetooth speaker, Multi-species LED lights,power bank.

2.We've got CE,FCC,KC and CB to guarantee the quality. And with MSDS,UN38.3 for the battery.

3.Its elegant appearance,very dazzling compared to other suppliers' and easier to hold.

4.We have patent for the appearance and inner design,no need to do price competition with other company.

Q3: How do I control the speaker?

A3: Power and volume controls are located on the speaker itself. Otherwise, use your smart phone or other paired device to select a playlist, streaming audio source, etc. No remote control necessary.
